

(A TARGETED INDIVIDUAL'S SYMPTOMS CAN INCLUDE THE FOLLOWING)

- >The belief someone or something is reading and broadcasting your thoughts.
- >Break ins of your home that include lacing food, stealing things, installing cameras and/or bugging your house, etc.
- >Visions, some that sync with involuntary body movement.
- >Unnatural inability to sleep, insomnia.
- >Strangers close to you seem to know and at times repeat your thoughts.
- >Burning and/or redness of the skin sometimes including a rash.
- >V2K: Voice to skull, hearing voices that are not yours, possibly people you may recognize saying insulting, negative things or telling you, you are being watched.
- >Vibrations that no one else feels.
- >Intense pain and/or burning in centralized parts of body.
- >Artificial Sexual Stimulation (Electronic Rape).
- >Ringing in the ears or other consistent/constant frequency type noises.
- >Visions of yourself in different time periods of your life.
- >Being isolated from maintaining or getting employment.
- >Having the belief that cable, phone, and various utility companies, etc... are informing those targeting you.
- >Ruining of relationships with anyone, including family.
- >Bugged phones, emails, cars. No privacy. They can see you everywhere.
- >Hair breakage from microwave attacks.
- >Extreme paranoia due to being followed by car, planes or helicopters, and strangers.
- >Fragmented memory or memory loss.
- >Going into a sort of trance by a "trigger word, doorbell or ringing phone".
- >Unexplained needle marks on body.
- >No knowledge of who, what or why this may be happening.
